

PURSUIT CR5

TACTICAL SPECIALTY HAND PROTECTION

The Pursuit CR5 glove provides law enforcement professionals with functional blade-cut resistance without hindering the officer's ability to manipulate firearms or perform searches. The glove is anatomically designed to conform to the natural curvature of the hand using three-dimensional patterning. The palm construction features durable synthetic leather lined with CE level 5 Armortex® cut resistance. The Pursuit CR5 maintains connectivity in the field with touchscreen capable technology in the palm of your hand.

ERGONOMIC DESIGN

Three-dimensional patterning forms to the natural curvatures of the hand creating a second-skin fit.

CUT RESISTANCE

Internal layer of Armortex® delivers CE level 5 blade-cut resistance to the palm and fingers.
