

COLD WEATHER WIND RESISTANT

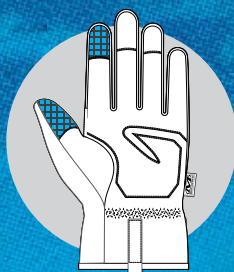

COLD WEATHER HAND PROTECTION

When the wind picks up and the temperature drops, reach for a pair of our Wind Resistant gloves to ward off the elements. The Wind Resistant utilizes a comfortable layer of heavyweight fleece, C40 3M™ Thinsulate™ Insulation and a laminated wind resistant barrier to shield your hands from the brisk cold air. Stay connected to your touchscreen devices, while never taking your gloves off, with AX™ Double Connect conveniently placed on the index finger and thumb. The palm features double-stitched water resistant grip panels making the Wind Resistant an essential tool for cold, damp conditions.

INSULATION

Laminated wind resistant barrier with C40 3M™ Thinsulate™ Insulation traps warm air to help regulate your body temperature.

TOUCH

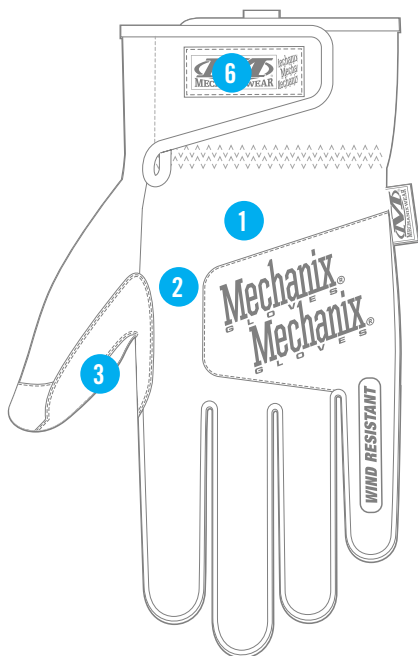

AX™ Double Connect touchscreen compatible thumb and index finger.
